

**UPPER ALTAMAHA PRACTICUM
SPRING 2006**

SHORT MEMO TOPICS 2 (to be completed in 2-4 pages, single-spaced)

1. What liability does a development have for a trail along a river walk—i.e. for Russ Page and the Apalachee Riverwalk? (Mark)
2. Dick Field had requested information on the economics associated with grease clogging sewer lines. They are considering an ordinance and he wanted justification for convincing the commission that this was a good idea. (Mark)
3. Can professional engineers and soil scientists put a disclaimer on their work saying they are not responsible for failure of onsite waste systems. A committee is considering a rule that would hold them accountable regardless of the disclaimer. Is this legal? (Larry and Mark)
